

SDHC 233X

CLASS 10

Releasing the Power of Photography!

Designed to meet storage demands of high-quality video cameras and other image recording devices, Pretec's SDHC 233X memory cards now employ a new speed Class 10 that delivers optimum performance with SDHC devices. Available from 4GB to 32GB, SDHC 233X can reach read/write speed up to 35MB/s* when used with Pretec i-Disk Reader II 233X. It is most ideal for your mobile phones, digital cameras, DV, and many more portable devices.

Features:

- Large capacity choices from 4GB to 32GB
- Highest read/write speed up to 35MB* per second (with Pretec i-Disk Reader II 233X)
- Compliant with SD2.0 specification
- Compatible with SDHC host devices only
- Low power consumption
- Non-volatile solid-state; data is not lost when power is turned off

* Speed performance may vary depending on different testing environments

Applications:
